Karamchand Gandhi

188. Who gave Gandhiji the title of Mahatma? Ravindranath Tagore

189. Who was the author of the book 'My Experiments with

Truth'? Mahatma Gandhi

190. What is the highest civilian honor of India? Bharat Ratna

191. Which is the highest Indian award given in the field of

film? Dadasaheb Phalke Award

192. Name the title of India's highest gallantry medal. Param Vir

Chakra

193. What is Shakespeare of India called? Kalidas

194. Who is the father of the computer? Charles Babbage

195. Who was the first person to go into space? Yuri Gagarin (Russia)

196. Who is the first person to step on the moon? Neil Armstrong

197. Who is the first Indian to go into space? Rakesh Sharma

198. What is the name of the first Indian satellite and when was it

left? Aryabhatta Sun, in 1975,

199. Who is the current Secretary-General of the United Nations? Ban

Ki-moon

200. On which date is the International Women's Day

celebrated? March 8

201. What is the problem of stray disease? Iodine

202. Which gland secrete insulin? Pancreatic

203. Which game is associated with Durand Cup? Football

204. What is the biggest dam in India? Hirakud Dam

205. How many Indian languages have been recognized in the 8th Schedule of the Constitution? 22

206. What is the currency of China? Yuan

207. Who is the founder of Red Cross? Henry Dunant

208. What is the disease caused by hemoglobin deficiency? Anemia

209. Who is called a Nightingale in India? Sarojini Naidu

210. Who started the Kutub Minar in Delhi? Qutbuddin Aibak

211. Who was the founder of the Banaras Hindu University? Madan Mohan Malviya

212. Who was the author of economics? Chanakya (Kautilya)

213. Where is Vivekananda Memorial located? Kanyakumari

214. Where is the headquarters of SAARC located? Kathmandu

(Nepal)

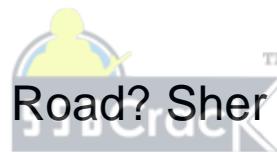

215. How many countries are members of SAARC? 8 (India, Nepal,

Bangladesh, Sri Lanka, Maldives, Bhutan, Pakistan, Afghanistan)

216. What is the length of India's coast line? 7516

217. Which country is the largest producer of mica in the world? India

218. Who has built Grant-Trunk Road? Sher Shah Suri

219. What is the deficiency of Vitamin 'B'? Berry-Berry

220. What is the deficiency of Vitamin 'C'? Scurvy

221. Which vitamins do not contain milk? Vitamin 'C'

222. What is the Disease of Vitamin 'D'? Rickets

223. Which vitamin deficiency does not accumulate a blood

clot? Vitamin 'K'

224. What is the deficiency of Vitamin 'E'? Infertility

225. What is the chemical name of vitamin 'C'? Escorbic acid

226. What are fat-soluble vitamins? 'A' and 'E'

227. What is the chemical name of ordinary salt? NaCl

228. What is the chemical name of laughing gas? Nitrous oxide (N<sub>2</sub>O)

229. What is the chemical name of Running soda? Sodium carbonate

230. Brass is a mixture of two metals? Copper and zinc

231. Calciferral is the chemical name of which vitamin? Vitamin 'D'

232. Which part of the eye is donated in eye donation? Cornea

233. Which vitamin is cobalt? Vitamin B-

1223. Who is the powerhouse of the cell? Mitochondria

235. Which part of our body is formed in red blood cells? Bone marrow

236. National Science Day is celebrated? 28 February

237. Which instrument is used to measure blood pressure? Sphygmomanometer

238. What is Permanent Memory of Computer? ROM-Read Only Memory

239. At which convention did the Congress split into two groups named Liberals and extremists? In the Surat Session of 1907,

240. Who was the builder of the Vahyeshwar temple of Tanjore? Rajaraja first Chola

241. Where was the birth of Mughal emperor Akbar? 242 in the fort of Amarkot. In

which country will the 2014 World Cup be held? Brazil

243. In which country will the 2018 Football World Cup be held? Russia

244. Where will the 2014 Commonwealth Games be? Glasgow

(Scotland)

245. Where will the 2015 Cricket World Cup be held? In New Zealand and Australia,

246. Who presides over the joint sitting of the two Houses of Parliament? Lok Sabha Speaker

247. Who was the first Lok Sabha Speaker of India? Ganesh Vasudev Mavalankar

248. Under which article Jammu and Kashmir has special status? Article 370

249. Who decides whether a bill is a bill or not? Lok Sabha Speaker

250. Which is the world's largest continent? Asia

251. Hyderabad is situated on which river? Musi

252. What is the largest producer of silver in the world? Mexico

253. According to the area, what is the smallest country in the world? Vatican City

254. Which two seas connect the Suez Canal? Mediterranean Sea and Red Sea

255. Which of the two oceans combines the Panama Canal? Pacific Ocean and North Atlantic Ocean

256. What is the capital of India's federal territory 'Dadra and Nagar Haveli'? Silvassa

257. What is the largest state of India in terms of area? Rajasthan

258. Earth Day is celebrated? 22 April

259. In which state is the Valley of Flowers?

260 in Uttarakhand. What is the capital of the newly created nation, Southern Sudan, in 2011? Juba

261. Who is the Chairman of the Planning Commission? Prime Minister

262. Who was the author of the mirror Akbari? Abul Fazal

263. What sport is associated with the Hopman Cup? Tennis

264. Who is known in the name of Deshbandhu? Chittaranjan Das

265. How many Tilia are in the Ashok Chakra? 24

266. What became the first film in India? Raja Harishchandra

267. Which is the smallest bone? Steppe

268. Which is the biggest bone?

Femur (thigh bone) 269. How many muscles in the human body? 639

270. What is the life span of RBC? 120 days

271. What is the action of zodiac lining on iron to prevent rust? Galvanization or galvanization

272. What is the name of the largest gland in the human body? Liver
273. Where is India's first oil refinery located? Digboi (Assam)
274. Which field is given to the Kalinga Award by UNESCO? in science
275. Who built four minarets in Hyderabad? Qutubshah
277. When and where was the resolution of complete independence passed by Congress?
278. In the Lahore session of 1929, what is the relationship of the Swiss Revolution? With milk
279. What is the oldest current rail engine in India? Fairy Queen
280. When was the first announcement of the Emergency in India? At the time of Chinese invasion (26 October 1962)
281. What is the first state to become the basis of language in India? Andhra Pradesh

282. Who was the first Muslim invader to attack India? Muhammad bin Qasim (712 AD)

283. Who was the Ambassador of Seleucus who came to the court of Chandragupta Maurya? Magnificence

284. What is the old name of Sri Lanka? Ceylon

285. Who discovered Vitamins? Funk

286. Whose Stenalis Steel is Alloy? Iron, chromium, nickel

287. Whose bone is its alloy? Copper and Tin

288. When did Swami Vivekananda address the World Religions Conference in Chicago?

289. When the Jallianwala Bagh massacre took place in 1893 ? 13 April 1919

June

291. Where did Mahatma Buddha give his first message? Sarnath

292. Which leader was killed by the sticky charge during the boycott of the Simon Commission? Lala Lajpat Rai

293. What is the name of the first computer made in India? Siddhartha

294. In which book is the mention of Gayatri Mantra? Rigveda

295. Which part of the digestive system is mostly performed in the human body? small intestine

296. Who did the rules of heredity rule? Gregor Mendel

297. Which of these metals was first used by humans? Copper

298. Child pen works on which principle? Dorsal stress

299. Silk worms are found on soft leaves of which tree? Mulberry

300. Khetri is famous for Rajasthan? Copper mine

301. What is the nearest planet to the planet? Venus

302. Where is the image of any object formed in the human eye? Retina

303. What is the transmission of heat from the sun to the earth? Radiation

304. DNA Who discovered the diploid horoscope? Watson and Crick

305. What is the intensity of sound measured? Decibel

306. What is Beekeeping? Epiculture

307. What is the first page of a website called? Homepage

308. Which mirror is used to see the rear view in trains? Convex

309. Under normal circumstances, what is the speed of sound in the air? 332 m / s

310. What is the only planet which revolves from its east to west

direction on its axis? Venus

311. What is the highest gas in the sun? Hydrogen

312. What is the brightest planet visible from the Earth? Venus

313. What is the age of the solar system? 4.6 billion years

314. Which caudal star appears after 76 years? Heli caudate star

315. What is the distance between the earth and the sun? 15 million

kilometers

316. How long does the sun's light take to reach the earth? 500

seconds

317. When and where did India first test the nuclear test? On May 14,

1974, Pokhran (Rajasthan)

318. What is the part of the computer that we can touch? Hardware

319. What is the excellent gas used in the treatment of cancer? Radan

320. Which minerals are found in the Monajeet sand? Thorium

321. What is the biggest endocrine gland in the body? Thyroid

322. Which is the world's largest mammal? Whale fish

323. Who discovered the blood group? Land Steiner

324. What is the main ore of aluminum? Bauxite

325. What was the first artificial satellite? Sputnik-1

326. Which instrument is converted into electrical energy by mechanical energy? Dynamo

327. What is the temporary memory of the computer? RAM-Random Excess Memory

328. What is measured by the Richter scale? Earthquake intensity

329. What is the largest metal in the earth? Aluminum

330. Which planet is known as Sandhya Tara? Venus

331. What is the lowest surface of the atmosphere

called? Troposphere

332. how long it takes the Earth to 1 degree longitude roam? 4 minutes

333. Which of the Plaster of Paris is made? Gypsum

334. With whose help the fish breathe? Gills

335. What is the process of making food by green

plants? Photosynthesis

336. What is the process of cream made from milk? Centrifugal Force

337. Where is the headquarters of Reserve Bank of India? Mumbai

338. Who is called marginal gandhi? Khan Abdul Gaffar Khan

339. Which is the world's largest island? Greenland

340. Who was the first President of Independent India? Dr. Rajendra

Prasad

341. Black soil is most suitable for which crop? Cotton

342. Which foreign invaders robbed 'Kohinoor Diamond' and 'Peacock Throne' and took home with them? Nadirshah

343. Which is the oldest mountain range in India? Aravali ranges

344. What is the percentage of water on the floor of the earth? 71%

345. Which country has the longest terrain boundary of  
India? Bangladesh

346. What is the largest planet in our solar system? Jupiter

347. Which river is called 'the bereavement of Bihar'? Kosi

348. Which smell-rich substance is mixed with gas cylinders to detect  
the gas leakage? Ethyl Murchapetan

349. What is the percentage of the gas in the atmosphere? Nitrogen

350. Sun Temple of Konark is situated in which state? Odisha

351. Apart from which country was Bangladesh created in

1971? Pakistan

352. What is the meaning of WWW in computer language? World Wide

Web

353. How many bytes is in a kilobyte (KB)? 1024 byte

354. Who presided over the historic session of 1929 of Indian National

Congress? Jawaharlal Nehru

355. Who was the companion of Bhagat Singh in throwing a bomb in

Central Assembly? Batukeshwar Dutt

356. When did the Muslim League first demand the partition of

India? 1940

357. Who was the publisher of the Commonwealth magazine? Anne

Bessant has

358. What is the only Indian who has won Nobel Prize in Economics? Amartya sen

359. In 1856, whose widow remarriage law was made by its efforts? With the efforts of Ishwar Chandra Vidyasagar

360. Where did Lord Canning announce the rule of the Crown in India in the court held in November 1858? In the court held in Allahabad,

361. The first assistant treaty with Lord Vejleighli was done by which ruler of the state? Nizam of Hyderabad

362. What is India's largest tribe? Gond

363. Who was the first woman president of the Indian National Congress? Anne Bessant

364. Who is known as 'Shaheed-e-Azam'? Bhagat Singh

365. Which scheme resulted in the partition of India? - As a result of the

## Mountbatten scheme

366. Who killed the General Dyer (associated with Jallianwala Bagh massacre)? Udham Singh

367. When was the partition of Bengal and by whom? In 1905, by Governor Lord Curzon,

368. How many high courts are there in India? 24

369. Who was the president of the first Lok Sabha? G. V. Mavalankar

370. Who was elected the temporary president of the Constituent Assembly? Sachchidanand Sinha

371. Kuchipudi dance style is generally associated with which state? Andhra Pradesh

372. Mohini Batam dance style is generally associated with which state? Kerala

373. Bharatanatyam dance style is generally associated with which state? Tamil Nadu

374. Kathakali is the classical dance of which state? Kerala

382 in 1995. What is the national anthem of Bangladesh and who has written it? 'Amar Sonar Bangla' written by Rabindranath Tagore

383. Who was the founder of the Lodhi clan? Baholol Lodhi

384. Which Constitution amendment is called 'Mini Constitution'? 42

and

386. What divers take a mixture of gases to breathe inside the water? A mixture of oxygen and helium gases

386. Who was the founder of homeopathy? Honeyman

387. Which gas is used for cooking fruits? Ethylene

388. What is the first month of Indian National Calendar? Chaitra

389. Pt. Hariprasad Chaurasia What musical instrument plays? Flute

390. What should be at least age for India to become prime minister? 25 years

391. Who built the Stupa of Sanchi? Ashok

392. Yakshagana is the folk dance of which state? Karnataka

393. The McMahon Line forms the boundary between which two countries? India-China

394. What is the food portion on the onion? Stem

395. What is the frequency of sound waves in the audio compound? 20 Hz to 20000 Hz

396. Madhubani is the folk painting style of which state? Bihar

397. World's highest mountain peak Mt. Everest is located in which country? Nepal

398. Which river is called the South Ganga? Godavari

399. Who was the only President who was elected

uncontested? Neelam Sanjiva Reddy

400. The world's largest delta Sundarbans delta forms which

rivers? Ganga-Brahmaputra

401. What was the port city of the Indus Valley Civilization? Lothal

402. Who is considered the father of sitar and tabla? Amir Khusro

403. Which is the world's highest plateau? Pamir or Tibet Plateau

404. Who is the Chairman of the Planning Commission? Prime

Minister

405. Which gas is used in the production of vegetable ghee? Hydrogen

406. Who was the first Indian to cross the English Channel? Mihir San

407. How many wheels is an horse power? 746 watt

408. What is the reason for the water drop drops? Dorsal Stress

409. What is the first man-made fiber? Nylon

410. What should be the distance between the listener and the reflector  
to hear a clear echo? 17 meters

411. In which medium is light of the highest movement? Vacuum

412. Which color light is the most scattered? Purple

413. Which mirror is used in the vehicle's headlight? Concave

414. Why do the stars look like twinkling in the sky? Due to the  
refraction of light

415. Who is the primary color? Red, green, blue

416.What gas is filled in the airplane tires? Helium

417. Which metal is a mixture of stitched metal or solder? Tin and lead

418. Which part of the body is related to glaucoma? eye

419. What is the name of the world's first woman Astronaut? Valentina

Tereskova

420. Who was the author of the book 'Origin of Species by Natural

Selection'? Charles Darwin

421. Which metal ore is the cinebar? Mercury or Mercury

422. Which instrument is used to measure the amount of water in

milk? Lactometer

423. "Hydrogen bomb" is based on what principle? Nuclear fusion

424. Palaagra disease is caused by the deficiency of which

vitamin? Vitamin B-3

425. Who is rich in liver-oil in fish? Vitamin D

426. What is the height of Earth from geostationary satellite? 36,000 kilometers

427. What is the temperature of human body?  $37^{\circ}\text{C}$  or  $98.4^{\circ}\text{F}$

428. What is the lens capacity capacity? Diopter

429. Which computer's IC chips are made of? Silicon

430. Whose unit is Parsec?

431 of astronomical distance. What is the maximum density of water at which maximum? At  $4^{\circ}\text{C}$

432. What is the frequency of ultraviolet waves? More than 20,000 Hz

433. What is the scientific name of man? *Homo sapiens*

434. Who was the first Indian to be elected to the British Parliament? Dada Bhai Naroji

435. Which state of India is the largest producer of rice? West Bengal

436. Where is the only temple of Brahma Ji in India? Pushkar

(Rajasthan)

437. What is the disease of a mad dog bite? Rabies or Hydrophobia

438. Who is the ex-officio Chairman of the Rajya Sabha? Vice

President

439. Who is the first person to receive the Nobel Prize twice? Madame

Marie Curie

440. Where is the headquarters of SAARC or SAARC? Kathmandu

(Nepal)

441. Who was the first Param Vir Chakra winner? Major Somnath

Sharma

442. Who was the first Indian woman president of the Indian National

Congress? Sarojini Naidu

443. Who was the captain of the 1983 World Cup winning Indian cricket team? Kapildev

444. How many members can nominate the President in the Rajya Sabha? 12

445. Which year did the Nobel Prize start? 1901

446. What is the currency of Bangladesh? Taka

447. Who wrote the Ramayana? Maharishi Balmiki

448. In which state is the highest production of sugarcane in India? Uttar Pradesh

449. Which part of the body affects Pyora? Teeth and gums

450. Nasik is situated on the banks of which river? Godavari

451. Who gives the oath to the President? Chief Justice of the Supreme Court

452. What is the currency of Japan? Yen

453. Where is the Indian Military Academy located? Dehradun

454. Who is the first Indian woman to climb Mount Everest? Bachendri

Pal

455. Which game is associated with Davis Cup? Tennis

456. Who is the first Indian woman to climb Mt. Everest twice? Santosh

Yadav

457. How long does the Chief Justice of the Supreme Court stay on his

post? By the age of 65.

458. Which is the upper house of Parliament? Rajya Sabha

459. Who is the author of Panchatantra? Vishnu Sharma

460. By what name is the India-China Accord held in

1954? Panchsheel Agreement

461. Which country won the Football World Cup in 2010? Spain

462. Where is the National Defense Academy located? 463.

Who wrote the book 'Discovery of India' in Khadgavasla near

Poona ? Jawaharlal Nehru

464. How often does the heart of a healthy man beats in a minute? 72

times

465. When was the census for the first time in India? 1872

466. In which game is the word 'double fault' used? Tennis

467. Who was the first Indian Army Chief of the Indian Army? General

K.

M. Criappa 468. 'Lai Haraoba' is the folk dance of which

state? Manipur

469. Which state of India is the largest producer of rubber? Kerala

470. Kolkata is on the banks of which river? Hooghly

life in 471. 'plant' it was pointed out how Indian scientist? Jagdish Chandra Basu

472. Where was the Sabarmati Ashram established by Mahatma Gandhi? Ahmedabad

473. How many chromosomes are there in human body? 23 pairs or

46

474. When does lunar eclipse occur? Purnima

475. When did the Quit India Movement begin? 8 August 1942

476. What is the normal blood pressure of human body? 80 to 120 mm

477. When is the smallest day in the northern hemisphere? 22 December

478. Who wrote 'Ramcharitmanas'? Tulsidas

479. When and where were the first Asian Games organized? In May 1951, in New Delhi

480. What is the atmospheric pressure measured? Barometer

481. Who is the first woman university of Haryana and where? Bhagat Phul Singh Women University Khanpur Kalan (Sonipat)

482. Who is the Indian who took all ten wickets in an innings of Test matches? Anil Kumble

528. When is 'Education Day' celebrated? On November 11,

529. Whose birthday is celebrated as Education Day? India's first

education minister Maulana Abul Kalam Azad's birthday is

530. Where is Bhabha Atomic Research Center located?

531 in Trombay (Bombay). Who led the Bardoli movement in

1928? Sardar Vallabhbhai Patel

532. Who founded the Khalsa Panth? Guru Gobind Singh

533. Who founded the Mughal dynasty? Babur

534. Who was the first woman IPS officer of India? Kiran Bedi

535. Kathak is the classical dance of which state? Uttar Pradesh

536. What was the capital of Tipu Sultan? Srirangpatnam

537. Which word is used in the word 'Chinaman'? Cricket

538. Which is the fastest substance? Diamond

539. Who invented the dynamite? Alfred Noble

540. Which musical instrument is related to Bismillah Khan? Shehnai

541. From which area is Oscar award related to? Film

542. What will be the full extension of AIDS? Accquired Immuno

Deficiency Syndrome

543. Which General gave the firing order in Jallianwala Bagh? Michael

O Dyer

544. What was the ancient name of Patna? Pataliputra

545. Who built the Red Fort in Delhi? Mughal Emperor Shah Jahan

546. Where is the Netaji Subhash National Institute of Sports

located? Patiala

547. Aga Khan cup is related to which game? Hockey

548. Bandipur Sanctuary is situated in which state? Karnataka

549. Who invented the steam engine? James Watt

550. Who invented the radio? Marconi resident of Italy

551. The official language of which Indian state is English? Nagaland

552. Who was the first Muslim president of the Indian National

Congress? Badruddin

Tayyab G. 553. Who was the first Home Minister of India? Sardar

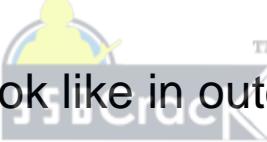

Vallabhbhai Patel

554. Who is the world's first woman Prime Minister? Sirimao

Bhandaranayake

555. The era of Harappa is related to which era? Bronze Age

556. Which Mughal ruler dal-e-elahi was driven by religion? Akbar
557. Why does the sun appear red when rising and drowning? Because  
the  
scarring of red is the lowest of 558. How many colors are there in the  
rainbow? Seven
559. What is the height of Earth from geostationary satellite? 36000 km
560. Who searched for smallpox vaccine? Edward Jenner
561. Who searched for rabies vaccine? Louis Pasteur
562. Which bacterium is made from milk by curd? Lacto Bacillus
563. What is the frequency of ultraviolet waves? More than 20000 Hz
564. What do the atom bomb acts on? Nuclear  
friction 565. What is the unit of electric current? Ampere
566. Which minerals are necessary to control heartbeat? Potassium

567. Who discovered penicillin? Alexander Fleming
568. Which plant is known as the 'Kunin' of malaria? Cinchona
569. What is the largest flower in the world? Rafflesia
570. What is the largest living bird? Ostrich
571. Which is the smallest bird in the world? Humming Bird
572. Humans first made the animal pets? dog
573. What does the astronaut look like in outer space? Black  TM
574. What will be the full extension of ATM? Automated Teller Machine
575. Who convenes a joint session of the Parliament? President
576. What is the game of LBW? Cricket
577. Which layer of atmosphere protects us from ultraviolet rays coming from the Sun? Ozone
